

22 Diabetes Apps

Name	Category	Description
Tidepool	Automated Insulin Dosing	Tidepool Loop is the first fully interoperable automated insulin dosing app, cleared by the FDA, that originated as a patient-led initiative.
Glucose Buddy	Blood Sugar Tracker	We make staying healthy simple by giving you the tools and support to get on-top and stay in-control of your blood sugar balance.
Glucose Tracker – Diabetic Diary	Blood Sugar Tracker	Diabetes diary will become an indispensable glucose buddy for anyone with gestational diabetes, type 1 or type 2. The glucose diary will allow you to track regular hemoglobin, sugar levels, pressure, insulin reminder, and also add tags, medications, condition, and weight to each record.
OneTouch Reveal	Blood Sugar Tracker	Together, the OneTouch Verio Reflect® or the OneTouch Verio Flex® meter and the OneTouch Reveal® app help you manage your blood sugar.
SugarMate	Blood Sugar Tracker	The Sugarmate™ app is designed for smartphones and smart devices and provides people living with type 1 diabetes, or caregivers, alerts and intuitive data visualization based on continuous glucose monitoring (CGM).
BEAT Diabetes	Community	BEAT Diabetes has been produced with clinicians and patients to support people who might develop diabetes, or have developed it.
Bezy T2D	Community	Bezy members are excited to meet you, share advice and stories about their experiences living with type 2 diabetes.
BlueLoop	Diabetes-Related Data	BlueLoop provides iOS (iPhone, iPad) and Android users the ability to document, store and share diabetes information real-time: blood glucose, carbohydrates, medication (insulin, Lantus, Metformin, etc.), notes and more.
DiabetesConnect	Diabetes-Related Data	DiabetesConnect lets you quickly and easily document your complete diabetes data and create your diabetes documentation in just a few clicks. Blood sugar, meals, insulin, medications and much more can all be recorded with DiabetesConnect. Have your levels on hand day and night.
Diabetes: M	Diabetes-Related Data	Whether you are Type 1 or Type 2, have Gestational Diabetes or just want to help and monitor a family member, this is the logbook app for you. The application tracks almost all aspects of the diabetes treatment and provides you with detailed reports, charts and statistics. You can send the reports to your supervising physician via email.
Health2Sync	Diabetes-Related Data	Health2Sync provides a personalized digital care service based on all the data and daily activities you have recorded.
mySugr	Diabetes-Related Data	mySugr is made by people with diabetes, for people with diabetes. When it comes to taming the diabetes monster, we want to be your partners in crime! The mySugr app stores all your important diabetes data from connected devices, integrations, and manual entries, in one convenient place.
One Drop	Diabetes-Related Data	The whole-person solution for managing diabetes, blood pressure, heart health, and weight.
Medical ID	Emergencies	Medical ID helps first responders access your critical medical information from the Lock screen, without needing your passcode. They can see information like allergies and medical conditions as well as who to contact in case of an emergency.
Carb Manager	Nutrition	Personalize your low-carb journey and meet all your important health goals. We're more than just a Keto calorie counter. Carb Manager integrates seamlessly with FitBit, Garmin, and hundreds of other apps and devices via Apple Health and Google Fit.
Diabetic Recipes app	Nutrition	Get tasty and healthy diabetic recipes, with step-by-step recipe instructions, recipe videos, nutritional information and more.
Figwee Visual Food Diary	Nutrition	Figwee is the only visual calorie counting solution.
Fooducate	Nutrition	Improve your health by creating good habits & eating more mindfully with Fooducate.
Glycemic Index Load Net Carbs	Nutrition	Fight weight gain, prevent diabetes and control blood pressure with personalized tracking and low-sugar food lists.
Glyx: Glycemic Load and Index	Nutrition	Glyx is a user-friendly database displaying nutrition details for approximately 1000 various foods, focusing on the glycemic index, which is essential for low carb diets.
MyFitnessPal	Nutrition	Want to eat more mindfully? Track meals, learn about your habits, and reach your goals with MyFitnessPal.
MyNetDiary	Nutrition	Are you looking for a calorie counter with a free barcode scanner, a food and macros tracker, or a comprehensive and effective diet plan? Meet MyNetDiary - sleek, smart, simple. It's the most personal weight-loss, diet, and nutrition assistant.
